

Safety Policy — SAMPLE

SAMPLE — PLACEHOLDER FOR CLIENT PREVIEW

Purpose

Triple B Co is committed to providing a safe work environment for crew, clients, tenants, and the public. This 1-page policy summary accompanies the full written program available on request.

Standards & training

- OSHA 10 required for all field personnel within first 60 days
- OSHA 30 required for crew leads and supervisors
- Daily toolbox talk before mobilization
- PPE: high-vis vest, steel-toe boots, eye protection, hearing protection in striping/grinding zones

Site control

MUTCD-compliant traffic control on every active work zone. Pedestrian routing reviewed with property contact before mobilization on occupied sites. Tenant access communicated 48h in advance.

Incident response

Any incident is reported to the supervisor immediately and to the property contact within 1 hour. OSHA-recordable events are documented per 29 CFR 1904. EMR available on request.
